

The African American Presence in the Sourland Mountain and Hopewell Valley

Presented by Beverly Mills, John and Elaine Buck

Tuesday, February 21 at 10:00am

HV Senior Center

395 Reading Street, Pennington

The Stoutsburg Cemetery land was purchased so the African Americans would have a place to be buried with dignity. The cemetery has served as a burial ground for African Americans from as far back as the Revolutionary War. Join us for a discussion with Beverly Mills, John and Elaine Buck about their research into their family history and the history of African Americans in the Sourland Mountains and right here in Hopewell Valley!
