

TIRE DISPOSAL

The Department of Public Works will pick up tires at curbside from Township residents the first Friday of May and November. Any township resident interested in having tires collected and recycled by the Department of Public Works should complete the form below and forward to the Township. A non-refundable nominal charge for pickup will be:

Tires 16" dia. or smaller...\$3.00 per tire

Tires larger than 16" dia. ...\$10.00 per tire

WE DO NOT TAKE TIRES LARGER THAN 20"

Tubes, farm tractor tires and heavy equipment tires cannot be recycled and will not be accepted for pick up. Also, rims and tires with water in then will not be picked up. Tires must be placed at curbside by 7:00 a.m. the morning of pickup. Please remember, Public Works crews will only pick up the number of tires indicated on the form and for which the required fee has been paid. Tires exceeding that number will be left at your curb.

Name _____

Address _____
