TOWNSHIP OF HOPEWELL

PART I

Introductory Section

For the Year Ended December 31, 2016

TOWNSHIP OF HOPEWELL **Mercer County**

General Description

Hopewell Township ("the Township") is comprised of an area of approximately 60 square miles. It is bounded by Hunterdon County to the north, the Delaware River to the west, Lawrence and Ewing Townships to the south and Princeton Township on the east. The Township also surrounds the boroughs of Hopewell and Pennington. The Township is divided by New Jersey State Highway Route 31. The cities of Philadelphia and New York provide cultural and economic centers which are easily accessible via Interstates 95 and 295, which run through the Township, commuter railroad transportation and/or bus service. Air travel connections are available at the Trenton/Mercer County Airport, which is located just over the Township's southern border in Ewing Township.

The area encompassing the Township of Hopewell is bucolic in nature. A mixture of pastoral, wooded and rugged terrain guarantees that future development will be limited to suitable areas allowing the Township to retain its rural and unspoiled characteristics. Approximately 23% of the Township is developed as residential; approximately 54% is vacant, wooded or agricultural; approximately 18% is public and quasi-public and approximately 5% is commercial, industrial or office/research.

A full range of commercial establishments are located in the Township. Restaurants, service stations, grocery and food specialty shops, banks and offices complement the residential nature of the township's developed areas. Additional commercial and retail shopping is available in the boroughs of Hopewell and Pennington. Major corporate employers are Bristol-Myers Squibb and Janssen Pharmaceutica (a division of Johnson & Johnson), Bank of America – Merrill Lynch and Capital Health Systems.

Public and quasi-public land uses in the Township include the Mercer County Howell Living Farm and the Mercer County Belle Mountain recreation area in the northwest section of the Township. Washington Crossing State Park, Mercer County Park Northwest and Mercer County's Rosedale Park, which provide both passive and active recreation areas within the Township. Baldpate Mountain, owned by Mercer County, the State and the Township, the Woolsey Park and Independence Park which are owned by the Township, also provide for passive and active recreation. In addition, the Township is a partner in inter-municipal arrangements providing for Twin Pines recreation area and the Lawrence Hopewell Trail system which also provide for both passive and active recreation.

Vacant land area is predominately zoned for residential development, which provides for several zoning classifications from five units per acre in the Township's growth zone up to fourteen-acre sites in the mountainous areas.

Township Government

Hopewell Township is governed by a five-member Township Committee elected on an at-large basis. Each year the elected body selects one of its members to serve as Mayor for a one-year term. The Township Committee has responsibility for all legislative and executive matters, including the enactment of all ordinances and resolutions.

Administrative responsibilities are vested in a full-time professionally trained Township Administrator/Engineer, who is charged with overseeing the “day-to-day” operations of the municipal government as well as all engineering functions. Township offices and departments include: the Office of the Township Administrator, Municipal Court, the Office of the Township Clerk, the Department of Finance, the Department of Revenue Collection, the Office of Community Development, the Municipal Construction Department, the Police Department, the Department of Public Works, the Health Department, Senior Service Department and the Recreation Department.

The Office of Township Administrator/Engineer manages a municipal operating budget of approximately \$20 million and a six year capital improvements program. As of December 31, 2016, there are 92 full-time and 57 part-time municipal employees.

The Township Committee formulates policy with input from the Township’s professional staff and consultants, as well as over 90 resident volunteers who serve on various boards, commissions or committees.

The volunteer boards of the municipal government are: Zoning Board of Adjustment, Planning Board, Environmental Commission, Historic Preservation Commission, Affordable Housing Committee, Board of Health, the Board of Health Advisory Committee, the Agricultural Advisory Committee, the Open Space Advisory Committee, the Recreation Advisory Committee, the Municipal Alliance, the Youth Advisory Committee, the Senior Advisory Board, the Green Team, the Deer Management Advisory Committee and the Finance Advisory Committee.

Public Safety

The Police Department provides 24-hour service to the residents of Hopewell Township and to the residents of Hopewell Borough via an interlocal service agreement that has been in place since January 1983. The department consists of a Chief, 2 Lieutenants, 4 Sergeants, 3 Detectives, 20 Patrol Officers, 6 Dispatchers, 1 Secretary, 1 Discovery Clerk and 9 Crossing Guards. Services to the public include: Resident Identification Cards, home security checks, access to a Domestic Violence Victim Response Team, access to a Community Addiction Recovery Effort Team, a Traffic Service Unit, a Youth Police Academy, educational services in local schools and a Project Medicine Drop program which allows for the disposal of expired and unused prescription medication.

Public Works

Public Works provides curbside service Township wide including: brush pickup by zone (April, October and Christmas Trees only in January), freon disposal (monthly), leaf pickup (spring and autumn) and tire pickup (twice during the year). Additionally, this department maintains 144 miles of Township roadway (including surface repairs, tree trimming/removal and snow removal), all municipal vehicles, all municipal buildings and any parks or recreational facilities that are the responsibility of the Township. In 2016, the Township held two shredding and electronic disposal events for its residents. Public Works consists of 1 Interim Director/Utilities Systems Foreman/ Building Foreman, 2 Foremen, 2 Heavy Equipment Operators, 3 Light Equipment Operators, 9 Truck Drivers, 2 Mechanic's, 1 Mechanic's Assistant, 4 Laborers, 1 Utility Systems/Building Foreman and 1 Secretary/Certified Recycling Professional.

Health

The Health Department provides state mandated services and is staffed by state licensed public health professionals. The department provides prevention oriented personal health services as well as regulatory environmental and communicable disease services. Additionally, the department records vital statistical records of deaths, births and marriages and issues original and certified copies. The department is also responsible for the animal control program and dog and cat licenses. The department also oversees and participates in the Municipal Alliance.

During 2016, the department issued permits for septic systems: 6 new systems, 58 replacement systems and 66 repairs to systems versus 6 new and 77 replacement systems and 48 repairs to systems in 2015.

Permits for new wells for 2016 were as follows: 15 private new and replacement wells, 6 wells abandoned and 2 pumps replaced.

In 2016, 1,965 dog licenses and 485 cat licenses were issued while in 2015, 1,772 dog licenses and 471 cat licenses were issued

In 2016, the Health Department, along with Rite Aid, administered 470 doses of flu vaccine. The vaccine was made available to older adults and high-risk individuals and any municipal or school district employees.

The Health Department also inspected 9 public pools and 86 retail food establishments completing various inspections or re-inspections for a total of 135 inspections. Several youth camps and public events were also inspected as needed.

Community Development

Hopewell Township has enjoyed controlled development and growth guided by its comprehensive Master Plan. The Township retains the services of a professional planner to help develop its long-term strategy for growth, which meets the needs of the local citizens. Sitting astride I-295 and I-95, the township enjoys the developmental advantages associated with access to major transportation arteries. Additional factors such as the close proximity to Princeton Borough and the state capital, and it's approximately equi-distance between New York and Philadelphia continues to make Hopewell Township a desired location for residency and office location.

The topographical nature of the Township, however, will ensure that large areas will remain unspoiled and open due to rugged terrain and other natural features. The more elevated tracts are zoned for housing on lots as large as fourteen acres.

The majority of the Township is served by private on-site wells and septic systems. The Township owns a small public community water system serving 105 users and two community sewer systems; one system with 211 users with wastewater treatment provided by contract with the Stony Brook Regional Sewerage Authority and one system with 1,651 users with wastewater treatment provided by contract with the Ewing Lawrence Sewerage Authority.

In 2016, the Planning Board approved 1 major subdivision, 1 site plan and 1 amended site plan.

During 2016, the Zoning Board of Adjustment reviewed 25 cases or applications. Of those applications, 4 were for hardship or "bulk" requirement relief (i.e., setbacks, lot coverage); and 15 were for a use not permitted in the zone. There were 3 site plan applications that were within the jurisdiction of the Board by virtue of a 2014 grant of major subdivision approval with a "d-4" variance and a 2015 "d-1" variance approval. There were 3 amended use variance applications, 1 with site plan approval and 1 with site plan waiver approval. There were 5 site plan applications, 4 site plan waiver applications and 2 minor subdivision applications associated with the use variance applications; several of those site plan applications and 1 minor subdivision application also included hardship "bulk" requirement relief.

Municipal Construction Office

The Municipal Construction Office is staffed by 1 Construction Official/Fire Protection Sub-code Official, 1 Building Sub-code Official, 1 Electrical Sub-code Official, 1 Part-time Electrical Inspector, 1 Part-time Plumbing Sub Code Official, 1 Permit Control person and 1 Executive Secretary.

During 2016, the Construction Office issued 719 Building Permits, 896 Electrical Permits, 924 Plumbing/Mechanical Permits, 96 Fire Permits and 87 Certificates of Occupancy.

Recreation

The department sponsors a comprehensive array of recreation and leisure services and a wide variety of community trips, senior citizen activities and programs for children and teens. More than 40 programs were offered throughout the year, including senior breakfasts, community trips, baseball games, a youth wrestling program and a youth field hockey program. The department also sponsors nine half-day camps during the summer months including: Art in the Park, Skate Camp, Baseball, Field Hockey and Soccer camps, US Sports Institute Multi-Sports Camp, Sport Squirts Camp, Tennis Camp and Wrestling Camp. Additionally, a full-day Teen Travel Camp runs for five weeks in the summer with over 175 participants who travel to destinations throughout the tri-state area. These camps presently serve over 850 children and teens.

The Recreation Department in conjunction with the Public Works Department also manages the Township's parks, playgrounds and athletic facilities, including the Municipal Athletic Complex, the 22-acre Independence Park and the 49-acre Twin Pines facility.

Hopewell Township is the department's fiscal agent and provides salary and certain operating expenses through its annual municipal budget. A trust fund was established for fee-based programs that are designed to be self-supporting and provide employment to more than 40 part-time staff members.

Senior Services

Hopewell Valley Senior Services, created in 2006, provides information, programs and services for Hopewell Valley senior residents and caregivers in order to promote independence, wellness, volunteerism and community interaction among older adults. The office is funded through a shared service agreement between Hopewell Township and the Boroughs of Hopewell and Pennington.

In 2016, Hopewell Valley Senior Services provided services to over 1,100 residents. Services included: the distribution of a monthly senior newsletter, GrandPals program (Seniors reading to Kindergarten students), Mahjongg, art, walking groups, driver safety courses, information and referrals to community resources, caregiver support, a senior citizen picnic and the administration of Hopewell Valley Rides (a transportation program for older adults and people with disabilities in Hopewell Valley).

Municipal Housing

Municipal Housing is managed by a Municipal Housing Liason, a COAH mandated position. Duties of the Liaison include management of day-to-day inquiries, coordination with the Affordable Housing Committee (AHC), filing annual reports for revenue and expenses related

to the Affordable Housing Trust with COAH and the COAH Unit Monitoring Report. Housing rentals, sales and the qualification of applicants for housing is provided by Princeton Community Housing, a contracted vendor.

Union Contracts

Certain Township employees are represented through the following collective bargaining units as follows. All expiring contracts are presently being negotiated:

Bargaining Unit	Expiration Date
Superior Officers Association	December 31, 2018
PBA Local 342	December 31, 2018
CWA Union No 1034	December 31, 2018
9-1-1 Operators Association	December 31, 2018
Public Works, AFSCME Local 3867	December 31, 2018

Significant Financial Data

Debt Administration

The authorized bonded indebtedness of municipalities in the State of New Jersey is limited by statute to an amount equal to 3½% of their equalized value. The equalized valuation basis of the Township is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements and certain railroad property within its boundaries as annually determined by the State Board of Taxation. The Township has managed its debt well and as of December 31, 2016 has outstanding debt equal to 1.281 % of its equalized value.

As of 2016, Standard and Poor's has awarded Hopewell Township a credit rating of AAA.

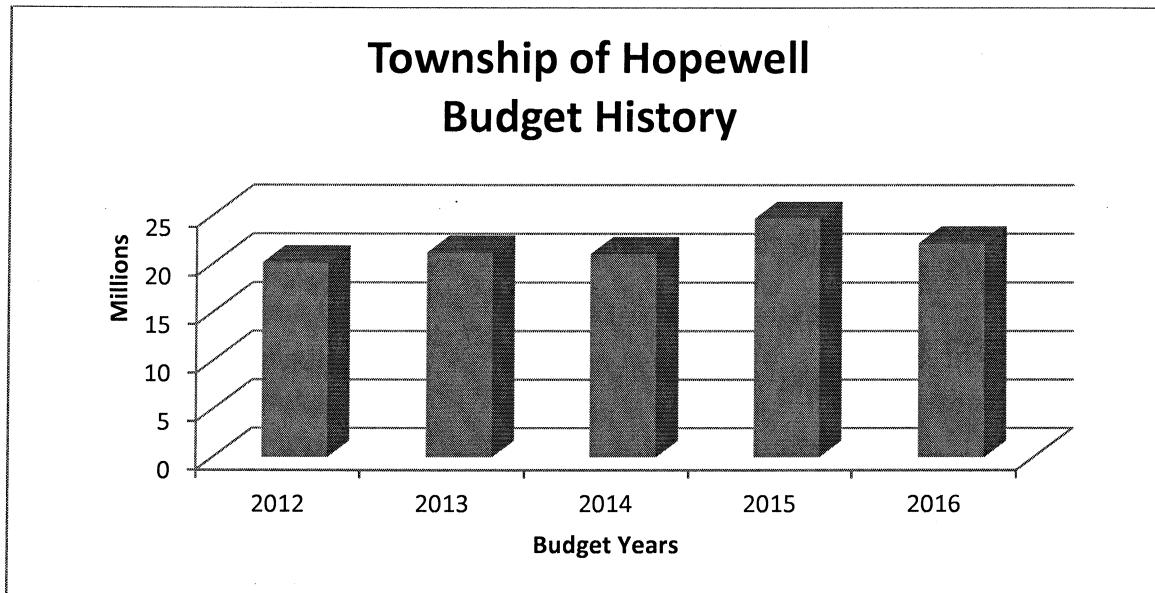

Surplus Fund Balance

Hopewell Township closed out 2016 with a surplus balance of \$11,895,272.20, which is a decrease of \$113,125.35 over 2015's ending balance.

Budget

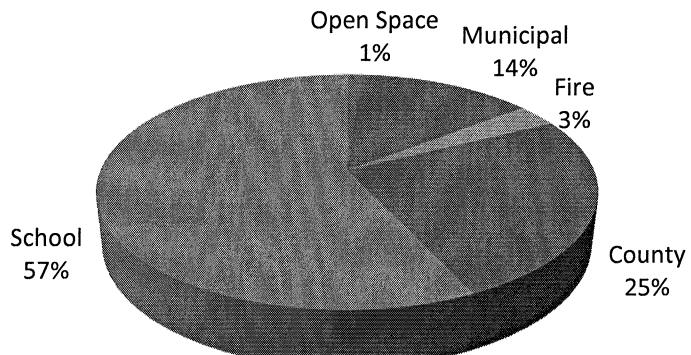

The 2016 Budget was adopted at \$ 22,058,835.18. This represented a decrease of \$2,556,606.33 over the 2015 budget.

Year	2012	2013	2014	2015	2016
Annual					
Budget	\$20,089,338	\$21,116,198	\$20,963,661	\$ 24,615,441	\$22,058,835

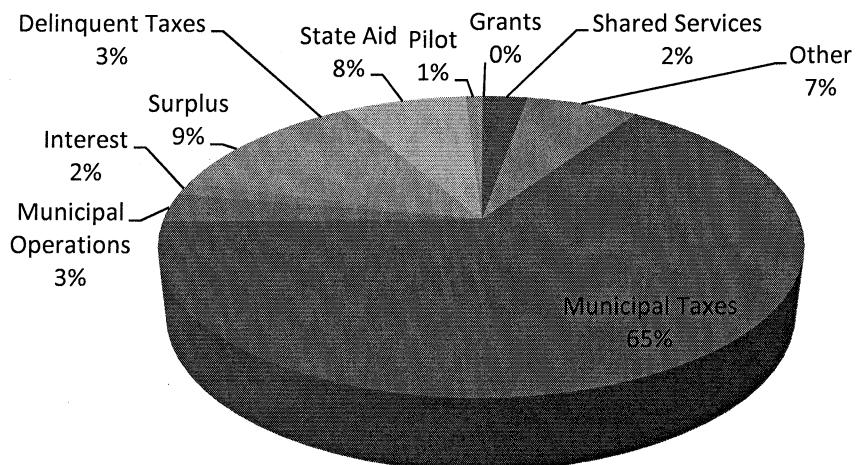

As the below charts demonstrate, municipal taxes represent 14% of all property taxes paid in 2016.

Township of Hopewell 2016 Tax Distribution

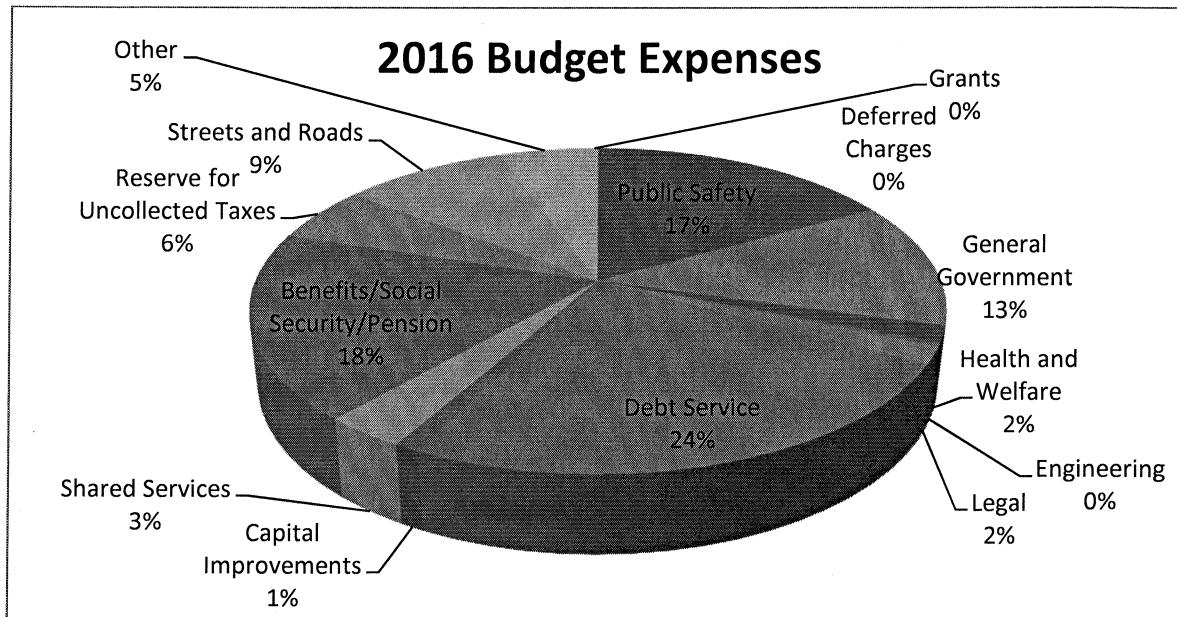

A more detailed analysis of revenues and expenditures for the 2016 budget indicates that (65%) of the budget was supported by tax dollars with Surplus (9%) and State Aid (8%) being the next largest repetitive contributors.

2016 Budget Revenues

A review of Township Expenses would indicate that the three largest specific areas of expenditure would be Debt Service (24%), Employee Benefits/Social Security/Pensions (18%) and Public Safety (17%).

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Committee
Township of Hopewell
County of Mercer
Hopewell, New Jersey

Report on the Financial Statements

I have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Hopewell, in the County of Mercer, State of New Jersey, as of December 31, 2016 and 2015, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2016 and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In my opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Hopewell, in the County of Mercer, State of New Jersey, as of December 31, 2016 and 2015, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In my opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Hopewell, in the County of Mercer, State of New Jersey, as of December 31, 2016 and 2015, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis, expenditures - regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2016 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Information

My audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The supplemental financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements

The supplementary financial statements presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information described in the previous paragraph is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated May 12, 2017 on my consideration of the Township of Hopewell's, in the County of Mercer, State of New Jersey, internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Hopewell's internal control over financial reporting.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Committee
Township of Hopewell
County of Mercer
Hopewell, New Jersey

I have audited, in accordance with the auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey of the Township of Hopewell, in the County of Mercer, State of New Jersey, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued my report thereon dated May 12, 2017. That report indicated that the Township of Hopewell's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Township of Hopewell's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, I do not express an opinion on the effectiveness of the Township of Hopewell's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Hopewell's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instance of noncompliance or other matters that are required to be reported under Government Auditing Standards or audit requirements as prescribed by the Division of Local Governments Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - The Township of Hopewell is located in the western portion of Mercer County, New Jersey, midway between Philadelphia and New York City. The present population according to the 2010 census is 17,325.

The Township of Hopewell was incorporated in 1798 and operates under the Township Committee form of government. The Committee is the legislative body of the Township and consists of five members elected by popular vote to a three year term. Each year the elected body selects one of its members to serve as Mayor for a one-year term.

Component Units – GASB Statement No. 14, *The Financial Reporting Entity*, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity, but also for legally separate organizations that meet the criteria established by GASB Statement No.14, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. There are no organizations that are considered to be component units.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township of Hopewell contain all funds in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Hopewell accounts for its financial transactions through the use of separate funds which are described as follows.

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water/Sewer Utility Operating and Capital Fund - The Water/Sewer Utility Operating and Capital Funds account for operations of the utility and the acquisition of capital facilities of the municipally-owned water/sewer utility.

Public Assistance Fund - The Public Assistance Funds account for receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey Statutes.

Budgets and Budgetary Accounting - The Township of Hopewell must adopt an annual budget for its current fund and utility operating funds in accordance with the N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to the adopted budgets, if any, are detailed in the statements of revenues and expenditures.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting (Cont'd) - An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash in banks. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 40A:5-15.1 provides a list of permissible investments that may be purchased by New Jersey municipal units.

N.J.S.A. 17:9-41et seq. establishes the requirement for the security of deposits of governmental units. The statute requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. The Act was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in the State of New Jersey or state or federally chartered banks, savings banks or associations located in another state with a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units. The cash management plan adopted by the Township of Hopewell requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has not adopted a capitalization threshold as required by the Circular.

Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General Fixed Assets (Cont'd) – The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

No depreciation of general fixed assets is recorded.

Utility Fixed Assets - Property and equipment purchased by the Water/Sewer Utility Fund are recorded in the capital account at cost and are adjusted for dispositions and abandonments. Contributions in aid of construction are capitalized, whereas those made in the form of tangible assets, such as land are not. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents the costs of acquisition of property, equipment and improvements. Depreciation is not recorded on these fixed assets.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments accrued and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be capitalized in the General Fixed Assets Account Group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et al. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance - Fund Balance included in the current fund and sewer utility operating fund represents an amount available for anticipation as revenue in future year's budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes, water rents, and sewer rents are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund, Water Utility Operating Fund, and Sewer Utility Operating Fund, respectively; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the Hopewell Valley Regional School District, County of Mercer and the Hopewell Township Fire District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The Township is responsible for levying, collecting and remitting school taxes for the Hopewell Valley Regional School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1, 2016 to December 31, 2016.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

County Taxes - The Township is responsible for levying, collecting and remitting county taxes for the County of Mercer. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Fire District Taxes - The Township is responsible for levying, collecting and remitting fire district taxes for the Hopewell Township Fire District No. 1. Operations are charged for the full amount required to be raised from taxation to operate the fire district for the period from January 1, 2016 to December 31, 2016.

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed as required by N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Outstanding encumbrances are offset by an account entitled "Reserve for Encumbrances". The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal and interest on outstanding general capital bonds and notes and for principal on outstanding sewer utility capital bonds are provided on the cash basis. Appropriations for interest on outstanding water/sewer utility capital bonds and notes are provided on the accrual basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Long Term Debt - Long Term Debt, relative to the acquisition of capital assets, is recorded as a liability in either the General Capital Fund or the Water/Sewer Utility Capital Fund. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon confirmation of the assessments or when the improvement is fully and permanently funded.

Interest on Delinquent Taxes - It is the policy of the Township to collect interest for the nonpayment of taxes, sewer or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first \$1,500 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount of taxes in excess of \$1,500 becoming delinquent after the due date and if a delinquency is in excess of \$10,000 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten (10) day grace period.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Comparative Data – Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the Township's financial position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the statement of revenues – regulatory basis and the statement of expenditures – regulatory basis since their inclusion would make the statements unduly complex and difficult to read.

NOTE 2. CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits – Custodial credit risk refers to the risk that, in the event of a bank failure, the Municipality's deposits may not be recovered. Although the Municipality does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Unit. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings or funds that may pass to the Municipality relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized. Of the Municipality's amount on deposit of \$30,125,199 as of December 31, 2016, \$549,190 was insured under FDIC and the remaining balance of \$29,578,009 was collateralized under GUDPA

NOTE 3. INVESTMENTS

New Jersey municipalities are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 40A:5-15.1 provides a list of permissible investments that may be purchased by New Jersey municipalities. These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America, government money market funds, any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, bonds or other obligations of the local unit or other obligations approved by the Division of Investment in the Department of Treasury for investment by local units, local government investment pools, deposits with the State of New Jersey Cash Management Fund, and agreements for the repurchase of fully collateralized securities with certain provisions. The Township has no investment policy that would further limit its investment choices.

Custodial Credit Risk Related to Investments – For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the Township will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Township, and are held by either the counterparty or the counterparty's trust department or agent but not in the Township's name.

As of December 31, 2016 the Township had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Credit Rating</u>	<u>Fair Value</u>
Money Market Fund	Less than 1 Year	AAAm	\$ 5,468,971
Cash Management	Less than 1 Year		\$ 3,610.36

NOTE 4. PROPERTY TAXES (Continued)

The following comparison is made of the number of tax title liens receivable on December 31, of the current year and previous four years.

<u>Year Ended</u>	<u>Number</u>
2016	10
2015	9
2014	8
2013	8
2012	8

NOTE 5. PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title liens on December 31, on the basis of the last valuation of such properties, for the current and previous four years was as follows:

<u>Year Ended</u>	<u>Amount</u>
2016	None
2015	None
2014	None
2013	None
2012	None

NOTE 6. WATER/SEWER UTILITY LEVY

The following is a five year comparison of water and sewer utility charges (rent) and collections for the current and previous four years.

Water Utility Levy:

<u>Year</u>	<u>Balance Jan. 1,</u>	<u>Water Levy</u>	<u>Total</u>	<u>Cash Collections</u>	<u>Percentage</u>
2016	\$ 2,421	\$ 74,295	\$ 76,716	\$ 75,735	98.72%
2015	833	72,877	73,710	71,288	96.71
2014	3,749	73,274	77,023	76,191	98.92
2013	6,531	81,112	87,643	83,894	95.72
2012	10,696	62,110	72,806	66,274	91.03

ELSA Sewer Utility Levy:

<u>Year</u>	<u>Balance Jan. 1,</u>	<u>Sewer Levy</u>	<u>Total</u>	<u>Cash Collections</u>	<u>Percentage</u>
2016	\$ 59,021	\$ 975,306	\$ 1,034,327	\$ 971,023	93.88%
2015	56,093	880,001	936,094	877,072	93.69%

SBRSA Sewer Utility Operating Fund	Balance December 31	Utilized In Budget of Succeeding Year	Percentage of Fund Balance Used
2016	\$ 279,657	\$ 36,594	13.08%
2015	268,630	56,659	21.09
2014	248,490	4,237	3.05

NOTE 8. PENSION PLANS

Substantially all of the Township's employees participate in one of the following pension plans which have been established by State statute, and are administered by the New Jersey Division of Pensions and Benefits (Division): the Police and Firemen's Retirement System (PFRS), the Public Employees' Retirement System (PERS) or the Defined Contribution Retirement Program (DCRP). Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits. P.O. Box 295, Trenton, New Jersey, 08625-0295.

Significant Legislation

P.L. 2011, c.78, effective June 28, 2011, made various changes to the manner in which PERS and PFRS operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- For new members of PERS hired on or after June 28, 2011 (Tier 5 members), the years of creditable service needed for early retirement benefits increased from 25 to 30 years and the early retirement age from age 55 to 65 for Tier 5 members
- The eligible age to qualify for a service retirement in the PERS increased from age 62 to 65 for Tier 5 members
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), decreased from 65 percent of final compensation to 60 percent of final compensation after 25 years of service and from 70 percent of final compensation to 65 percent of final compensation after 30 or more years of service.
- It increases in active member contribution rates for PERS active members from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years. For fiscal year 2012, the member contribution rates will increase in 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4 year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay.)

Township of Hopewell
Notes to Financial Statements
December 31, 2016

NOTE 8. PENSION PLANS (Continued)

Police and Firemen's Retirement System (PFRS)

The Police and Firemen's Retirement System was established in 1944. The PFRS provides retirement, death and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B. The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the PFRS are required to contribute 8.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased to 10.0% in October, 2011. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contributions plus any accrued liability. These contributions, equal to the required contributions are detailed below.

Police & Firemen's Retirement System					
Year	Township Contributions				
	Pension				
	Normal Contribution	Percentage of Covered Payrolls	Accrued Liability	Non-Contributory Life Insurance	Employee Contributions
2016	\$ 264,459	8.48%	\$ 415,553	\$ 33,722	\$ 311,812
2015	259,118	8.22%	350,336	31,810	318,470
2014	268,751	9.34%	323,001	25,587	292,152

At June 30, 2016, the Township's net pension liability for PFRS was \$17,774,545.

Actuarial assumptions – The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate: 3.08%

Salary Increases:

Through 2026: 2.10-8.98% based on age

Thereafter: 3.10-9.98% based on age

Investment Rate of Return: 7.65%

Pre-retirement mortality rates were based on the RP-2000 Pre-Retirement Mortality Tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projections scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plans actuary's modified 2014 projection scales. Post-retirement mortality rates for female service retirement and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plans actuary's modified 2014 projection scales.

Disability mortality rates were based on special mortality tables used for the period after disability retirement.

Township of Hopewell
Notes to Financial Statements
December 31, 2016

NOTE 8. PENSION PLANS (CONTINUED)

Police and Firemen's Retirement System (PFRS) (Continued)

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2016 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	05.00%	00.87%
U.S. Treasuries	01.50%	01.74%
Investment Grade Credit	08.00%	01.79%
Mortgages	02.00%	01.67%
High Yield Bonds	02.00%	04.56%
Inflation Indexed Bonds	01.50%	03.44%
Broad US Equities	26.00%	08.53%
Developed Foreign Equities	13.25%	06.83%
Emerging Market Equities	06.50%	09.95%
Private Equity	09.00%	12.40%
Hedge Funds/Absolute Ret	12.50%	04.68%
Real Estate (Property)	02.00%	06.91%
Commodities	00.50%	05.45%
Global Debt ex US	05.00%	-0.25%
REIT	05.25%	05.63%
	100.00%	

Discount rate. The discount rate used to measure the State's total pension liability was 5.55% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. That state employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2050. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2050, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate. The following presents the Township's proportionate share of the net pension liability measured as of June 30, 2016, calculated using the discount rate of 5.55%, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.55%) or 1 percentage point higher (6.55%) than the current rate:

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 8. PENSION PLANS (CONTINUED)

Police and Firemen's Retirement System (PFRS) (Continued)

	1% Decrease (4.55%)	Current Discount Rate (5.55%)	1% Increase (6.55%)
Township's proportionate share of the net pension liability	\$ 22,918,972	\$ 17,774,545	\$ 13,579,574

Pension Plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established on January 1, 1955. The PERS provides retirement, death and disability, and medical benefits to certain qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5% of their annual covered salary. Effective July 1, 2008, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2008, the increase is effective with the payroll period that begins immediately after July 1, 2008.

Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate was increased to 6.5%. An additional 1.0% increase is being phased-in over seven years beginning on July 1, 2012 and increases each subsequent July 1. The State Treasurer has the right under the current law to make temporary reductions in rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. The Township's contributions, equal to the required contribution for each fiscal year, were as follows:

Year	Public Employee's Retirement System				
	Township Contributions				
	Pension				
	Normal Contribution	Percentage of Covered Payrolls	Accrued Liability	Non- Contributory Life Insurance	Employee Contributions
2016	\$ 94,250	2.40%	\$ 435,420	\$ 28,373	\$ 280,994
2015	91,190	2.10%	421,824	34,746	304,925
2014	91,896	2.07%	404,028	8,434	305,430

At June 30, 2016, the Township's net pension liability for PERS was \$19,012,611.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 8. PENSION PLANS (Continued)

Public Employees' Retirement System (PERS) (Continued)

Actuarial assumptions – The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate: 3.08%

Salary Increases:

Through 2026: 1.65-4.15% based on age

Thereafter: 2.65-5.15% based on age

Investment Rate of Return: 7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active employees. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2014 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disables Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Township of Hopewell
Notes to Financial Statements
December 31, 2016

NOTE 8. PENSION PLANS (Continued)

Public Employees' Retirement System (PERS) (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	05.00%	00.87%
U.S. Treasuries	01.50%	01.74%
Investment Grade Credit	08.00%	01.79%
Mortgages	02.00%	01.67%
High Yield Bonds	02.00%	04.56%
Inflation Indexed Bonds	01.50%	03.44%

REIT	05.25%	05.63%
	<hr/> 100.00%	

Discount rate. The discount rate used to measure the State's total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The state employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate. The following presents the Township's proportionate share of the net pension liability measured as of June 30, 2016, calculated using the discount rate of 3.98%, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.98%) or 1 percentage point higher (4.98%) than the current rate:

	Current		
	1% Decrease (2.98%)	Discount Rate (3.98%)	1% Increase (4.98%)
Township's proportionate share of the net pension liability	\$ 23,297,736	\$ 19,012,611	\$ 15,474,869

Pension Plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report.

NOTE 8. PENSION PLANS (Continued)

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A.43:15C-1 et. seq), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered by Prudential Financial on behalf of the Divisions of Pensions and Benefits. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. Pursuant to the provisions of Chapter 78 P.L. 2011, the active member contribution rate was increased to 6.5% plus an additional 1.0% phased-in over seven years beginning in the first year. The phase-in of the additional incremental member contribution amount will take place in July of each subsequent year. The State Treasurer has the right under the current law to make temporary reductions in rates based on the existence of surplus pension assets in the retirement system; however, state statute also requires the return to the normal rate when such surplus pension assets no longer exist. The employee contributions along with the Township's contribution for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

There were no Township employees enrolled in the DCRP for the years ended December 31, 2016, 2015 and 2014.

Related Party Investments – The Division of Pensions and Benefits does not invest in securities issued by the Township.

NOTE 9. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan Description

The Township provides postretirement benefits other than pension benefits to active employees who retire from the Township and meet certain eligibility criteria. These are known as other postemployment benefits (OPEB). OPEB include postemployment healthcare benefits provided separately from a pension plan, excluding benefits defined as termination offers and benefits.

Benefit Eligibility

An employee is eligible to receive postretirement health benefits through the Hopewell Township health plan by meeting the following criteria:

For PBA and SOA, retire from active employment with Hopewell Township with at least 25 years of service with Hopewell Township, 25 years in PERS/PFRS and meet PFRS retirement criteria.

For all others, (1) retire from active employment with Hopewell Township at age 60 or later and have at least 25 years of service in PERS, with at least 10 years of service with Hopewell Township, (2) retire from active employment with Hopewell Township at age 55 or later and have at least 25 years of service with Hopewell Township and 25 years in PERS, or (3) retire from active employment with Hopewell Township with at least 25 years of service with Hopewell Township and 25 years in PERS.

Funding Policy

The obligations of the plan members, employers and other entities are established by action of the Township pursuant to applicable collective bargaining and employment agreements. The required contribution rates of the employer and members varies depending on the applicable agreement. The Township contributes enough money to the plan to satisfy current obligations on a pay-as you-go basis. The costs of administering the plan are paid by the Township.

Township of Hopewell
Notes to Financial Statements
December 31, 2016

NOTE 9. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Actuarial Accrued Liability

The Actuarial Accrued Liability (AAL) as of December 31, 2016 is \$38,432,002 based upon a discount rate of 4.50% per annum and the plan provisions in effect on December 31, 2016.

Annual Required Contribution

The Annual Required Contribution (ARC) is the measure of annual cost on an accrual basis. It is comprised of the Normal Cost which is the portion of future liabilities attributable to the measurement year, plus 30 year amortization of the Unfunded Actuarial Accrued Liability (UAAL). As of the measurement date, the plan had no assets to offset any portion of the AAL, so the UAAL and AAL are equal.

The ARC as of December 31, 2016 is \$3,041,577 based upon a discount rate of 4.50% per annum and the plan provisions in effect on December 31, 2016. The breakdown of the ARC is as follows:

(1) Normal Cost	\$ 682,177
(2) Actuarial Accrued Liability	\$ 38,432,002
(3) Assets	\$ -0-
(4) Unfunded Actuarial Accrued Liability (UAAL) = (2)-(3)	\$ 38,432,002
(5) 30 Year Amortization of UAAL at Discount Rate	\$ 2,359,400
(6) Annual Required Contribution (ARC) = (1)+(5)	\$ 3,041,577

Basis of Valuation

The valuation has been conducted as of December 31, 2016 based upon census, plan design and claims information provided by the Township. Census includes 42 participants currently receiving Township paid retiree benefits, and 81 active participants of whom 14 are eligible to retire as of the valuation date. The average age of the active population is 48 and the average age of the retiree population is 65.

Actuarial assumptions were selected with the intention of satisfying the requirements of New Jersey Local Finance Notice 2007-15 and the Statement of Government Accounting Standard Number 45.

Demographic assumptions were selected based on those used by the State Division of pensions and benefits in calculating pension benefits taken from the July 1, 2016 report from Conduent. While some assumptions were simplified to reflect the smaller population, and to simplify the valuation process, the valuation results reasonable conform to the requirements of LFN 2007-15.

Health care (economic) assumptions were selected based on those used by the State Health Benefits Program in calculating SHBP member OPEB requirements taken from the July 1, 2015 report from Aon Consultants.

Funded Status and Funding Progress

As of December 31, 2016 the actuarial accrued liability for benefits was \$38,432,002, all of which was unfunded.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 9. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Methods and Assumptions

The trend assumption is used to project the growth of the expected claims over the lifetime of the healthcare recipients. The actuary developed the trend assumption utilizing the short term rates expected on the SHBP plan along with information in published papers from other industry experts (actuaries, health economists, etc.).

Measurement Date

December 31

Discount Rate as of December 31, 2016

The discount rate assumption is 4.5%.

Health Care Trend Factors

Health care economic assumptions were selected based on those used by the State Health Benefits Program in calculating SHBP member OPEB requirements taken from the July 1, 2015 report from AON Consultants.

NOTE 10. COMPENSATED ABSENCES

All twelve month Township employees are entitled to paid sick leave and vacation days in various amounts. Unused sick leave may be accumulated, and upon retirement the employee may be compensated up to fifty percent of accumulated unused sick leave with a maximum Township payout of \$15,000. Vacation days not used during the year may be accumulated for two years and upon leaving, will be compensated by the Township in full.

The Township does not accrue expenses related to compensated absences. However, it is estimated that, at December 31, 2016, accrued benefits for compensated absences are valued at \$1,525,485.

NOTE 11. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Township is a member of the Mid Jersey Municipal Joint Insurance Fund (JIF). The Fund provides the following coverage:

- Comprehensive General Liability
- Auto Liability
- Property Coverage
- Worker's Compensation
- Boiler and Machinery
- Public Officials Liability
- Employment Related Practices
- Public Employee Bonds

Contributions to the JIF are calculated based on actuarial and budgetary needs. Each participant is proportionately obligated for any deficiency in the amount available to pay all JIF claims. The Township has paid its current JIF obligations. No deficiency payments have been assessed by the JIF.

Sewer Utility Bonds of 2014	10/01/2026	4.00% - 4.25%	521,950
Sewer Utility Bonds of 2015	04/01/2032	2.00% - 3.00%	<u>761,000</u>
 Total			<u>\$ 60,533,000</u>

Bond Anticipation Notes Payable

The Township issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes can not exceed one year from the date of issuance, however the Notes may be renewed from time to time for a period not to exceed one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the forth and fifth anniversary date of the original issuance.

As of December 31, 2016, the Township had the following outstanding Bond Anticipation Notes:

	<u>Date of Maturity</u>	<u>Interest Rate</u>	<u>Amount</u>
General Capital Fund	4/07/2017	2.25%	\$ 3,393,145
General Capital Fund	4/07/2017	0.75%	4,162,680

NOTE 13. LEASE OBLIGATIONS

At December 31, 2016, the Township had lease agreements in effect for the following:

Operating:

Three (3) Copiers

Operating Leases – Future minimum lease payments under the operating lease agreement is as follows:

<u>Fiscal Year Ended</u>	<u>Amount</u>
2017	\$ 8,375
2018	4,020
2019	<u>2,680</u>
	<u>\$ 15,075</u>

Rental payments under the operating lease for the years 2016 and 2015 were \$9,380 and \$8,040 respectively.

**Township of Hopewell
Notes to Financial Statements
December 31, 2016**

NOTE 14. DEFERRED COMPENSATION SALARY PLAN

The Township offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and are not accessible by the Township or its creditors.

NOTE 15. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances were recorded on the various statements of assets, liabilities, reserves and fund balances as of December 31, 2016

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Current Fund	\$ -	\$ 234,933
Trust Fund:		
Other Trust Funds	234,935	
General Capital Fund		2
	<u>\$ 234,935</u>	<u>\$ 234,935</u>

NOTE 16. CONTINGENCIES

The Township participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. Management believes that the amount from future audits, if any, would not be material.

NOTE 17. LITIGATION

The Township is a defendant in several legal proceedings that are in various stages of litigation. Although the outcome of this litigation is not presently determinable, it is believed that resolution of these matters will not have a material effect on the financial statements.

NOTE 18. COMMITMENTS – TAX APPEALS

The Township has several tax appeals pending in New Jersey State Tax Court as of December 31, 2016. However, it appears that the net potential losses of the tax appeals will not be material to the financial statements.
