

# You're Invited

*The NJ Department of Environmental Protection, in coordination with the Hopewell Township Health Department, presents important drinking water information.*

## PFAS Updates

**Wednesday March 13, 2024  
7:00pm, virtually via Zoom**

Registration here!

**[www.HopewellTwp.org/PFASregistration](http://www.HopewellTwp.org/PFASregistration)**

The New Jersey Department of Environmental Protection (NJDEP) is returning to Hopewell Township for a 2nd informational session about Per- and Polyfluoroalkyl Substances (PFAS), also known as "forever chemicals." Info from their 2022 presentation can be found here: [www.hopewelltwp.org/PFASmeetings](http://www.hopewelltwp.org/PFASmeetings)

NJDEP professionals will provide an overview of what PFAS compounds are, updates on sampling within Hopewell Township, and resources available to residents with well water contamination.

***In order to attend, please use the registration link, above, to RSVP.***

Submit any PFAS questions you may have for NJDEP via email to [healthclerk@hopewelltwp.org](mailto:healthclerk@hopewelltwp.org)  
**no later than March 4th.**
